

● S.D. Kjærsgaard

S.D. Kjærsgaard is one of Denmark's largest machinery dealers, selling, servicing and repairing all types of machinery for the agricultural, industrial and highway and park maintenance sectors.

S.D. Kjærsgaard is a well-known and respected family-owned company founded in 1930 by Søren Dengsø Kjærsgaard. The company, which has more than 60 highly skilled and committed employees, is based in Frejlev near Aalborg, but also has a branch in Vrå.

The company sells the market's leading makes of machinery such as New Holland, New Holland Construction, CASE IH and Kverneland with a market share of between 20 and 50 per cent.

● S.D. Kjærsgaard

S.D. Kjærsgaard er en af Danmarks største maskinhandlere med salg, service og reparation af maskiner til alt inden for landbrug, industri og park/vej.

S.D. Kjærsgaard er en anerkendt og velanskrevet familieejet virksomhed, der blev stiftet i 1930 af Søren Dengsø Kjærsgaard. Virksomheden, der beskæftiger flere end 60 dygtige og seriøse medarbejdere, har hovedkontor i Frejlev ved Aalborg og afdeling i Vrå.

Virksomheden forhandler markedets stærkeste mærker som New Holland, New Holland Construction, CASE IH og Kverneland med en markedsandel på mellem 20 og 50 pct.

Afdelingen i Vrå har siden 1996 været autoriseret service- og reservedelscenter for bl.a. New Holland. Afdelingen er desuden salgscenter for CASE IH Nordjylland og er netop blevet udvidet med stor, ny salgsudstilling.

Medarbejderstaben er krumtappen i organisationen, og kunderne er professionelle virksomheder inden for landbruget, maskinstationer, entreprenører og den offentlige sektor, der benytter S.D. Kjærsgaard som den naturlige samarbejdspartner, når det gælder traktorer, entreprenørmaskiner, høstmaskiner og materiel til parker og veje.

Since 1996, the branch in Vrå has been an authorised service and spare parts centre for New Holland, among others. The Vrå branch is also a sales centre for CASE IH Nordjylland and has just been extended to include a large new showroom display.

The heart of the company is its employees, and customers include professional businesses within the agricultural sector, machine pools, firms of contractors and the public sector, all of which use S.D. Kjærsgaard as their natural supplier of tractors, contractor machinery, harvesting equipment and equipment for highway and park maintenance.
