

wannafind

● Kommunikation til alle!

I september 2006 var håndværkerne færdige med den nye tilbygning til wannafind.dk. Fra Adelgade ligner wannafind.dk sig selv – en indgangsdør, der ikke er prangende og storiaden, men som falder smukt ind i Adelgades facade. Træder man ind ad døren, åbner der sig et moderne og funktionelt kontorlandskab, hvor der er højt til loftet, her er 700 m² og plads til 40 medarbejdere. Indtrykket er et direkte spejlbillede af den livlige virksomhed, wannafind.dk.

Produkter, der når ud i hele verden

Siden starten i 2000 har wannafind.dk været inde i en hæsbæsende udvikling. Virksomheden hoster knap 60.000 webhoteller og er blandt branchens hurtigst voksende udbydere.

Ud over webhoteller tilbyder wannafind.dk også det komplette kommunikationsprogram til det fulddynamiske kontor. Det vil sige: alt inden for exchange, bredbånd, fastnet- og mobiltelefoni. Praktisk talt handler det om at distribuere kommunikation. Desuden har wannafind.dk udviklet et regnskabsprogram, der er nemt at overskue og intuitivt i sin brug.

Nyeste medlem i produktfamilien er Companymobile – et nøje gennemtænkt koncept. Her tilbyder wannafind.dk løsninger inden for mobiltelefoni. Companymobile giver kundeklubber, store virksomheder, foreninger eller andre sammenslutninger af mennesker en særdeles fordelagtig og sikker løsning inden for mobiltelefoni. I samarbejde med marketing- og økonomiafdelingen finpudser og udvælger wannafind.dk de relevante moduler og skaber en løsning, der lige netop passer til medlemmerne.

wannafind.dk kører alle løsninger og al service in-house. Det betyder, at sikkerhed og kundeservice altid er optimal, samt at ingen kunder oplever at blive stillet om til forskellige afdelinger.

Netop en høj grad af kundeservice, og et højt energiniveau, er kendetegnende for wannafind.dk

wannafind.dk er ISO 9000 certificeret. DS certificeret. Gold Certified Partner hos Microsoft. wannafind.dk var Gazelle-virksomhed i 2006

Til wannafind.dk hører også søsterselskaberne: unotel, unoeuro, zitcom, airtalk, cme og 123 hotel. De forskellige virksomheder tilbyder løsninger til enten private eller virksomheder.

wannafind

● Communication for all!

September 2006 saw the completion of the new extension to wannafind.dk. From Adelgade, wannafind.dk looks its own normal self – a front door which is neither resplendent nor grand, but which blends in well with the rest of the street. On the other side of the door, the building opens up into a modern and functional office landscape with high ceilings and 700 square metres of space for 40 employees. Your first impression is a perfect reflection of the brisk level of activity that characterises wannafind.dk.

Products for the whole world

Since the start in 2000, wannafind.dk has experienced whirlwind growth. The company currently hosts just under 60,000 web hotels and is one of the fastest-growing providers in this line of business.

In addition to web hotels, wannafind.dk also offers a complete communication programme for the fully dynamic office, including everything in the way of exchange, broadband, landline and mobile telephony. In brief, wannafind.dk distributes communication. Moreover, wannafind.dk has developed an accounting program which is easy and intuitive to use.

The most recent member of the product family is Companymobile, a carefully thought-out concept. Companymobile is wannafind.dk's mobile telephony solutions. Companymobile provides customer clubs, large enterprises, associations or other groups of people with a particularly advantageous and secure mobile telephony solution. In collaboration with the marketing and finance departments, wannafind.dk streamlines and selects the relevant modules and creates a solution which is tailored to member requirements.

Wannafind.dk runs all solutions and provides all service in-house. This means that the highest security and customer service standards can be adhered to, and that customers are never just transferred from one department to the other.

A high level of customer service and energy are the very hallmarks of wannafind.dk.

wannafind.dk is certified in accordance with the ISO 9000 standard. DS-certified. Microsoft Gold Certified Partner. wannafind.dk was a Gazelle business in 2006 due to its strong growth.

wannafind.dk has a number of sister companies, unotel, unoeuro, zitcom, airtalk, cme and 123 hotel, which all offer solutions to either private or corporate customers.
